

Gleaning Hope Program

The Gleaning Hope Program's mission is to salvage (or glean) backyard fruits and vegetables from local and neighboring communities. The harvest is then delivered to one of the four food pantries in Ontario, Claremont, San Dimas, or Pomona, where it is distributed to those in need.

What We Do: Once you call or email us your request, we schedule a date and time for our team of experienced pickers to come to your residence or other location. Our team comes prepared with the picking equipment and bins for the harvest.

To request our gleaning team to salvage your fruits and vegetables: Contact our Volunteer Coordinator at vcoordinator@inlandvalleyhopepartners.org or 909-622-3806 #108.

To volunteer: Contact our Volunteer Coordinator at vcoordinator@inlandvalleyhopepartners.org or 909-622-3806 #108.
